

BURRELL®
YOUTH SERVICES

BEING A KID CAN BE TOUGH.

RAISING ONE CAN BE EVEN HARDER.

BURRELL IS HERE TO HELP.

Youth face numerous challenges in everyday life. But on top of that, one in five youth have a diagnosable mental illness. This creates an enormous amount of stress on parents, schools and on our communities. To help, Burrell has created an integrated approach with the Boys and Girls Club to bring services into clubs to provide the care your child needs.

We work directly with youth, families and Boys and Girls Club staff onsite in a few different ways. We provide behavioral health professionals within clubs to offer individual and group services. Learn more by contacting your Club Site Director or youthcommbasedinfo@burrellcenter.com.
